TECHNOLOGY TO THEIR MEMBERS**

- Save Fuel
- Help Climate Change
- Reduce Emissions
- More power
- Carbon footprint benefits
- Save on maintenance costs

# LONDON TAXI NEWS ARTICLE

"The Pill really does work - we have tested all kinds of devices which are designed to give better performance, but in our opinion, none have ever achieved results consistently as the Pill. The cleaning of the engine and fuel system starts immediately and within just a few tanks of fuel, you are driving a much cleaner vehicle, pumping out less emissions and saving money not only on fuel, but hefty servicing bills too. We believe engines using the Pill should last in excess of 600,000 miles."

*Valve Seating in a cab not using the Pill*

*Valve Seating in a cab that is using the Pill. The difference is astonishing.*

# TAXI & RIDE SHARE COMPANIES

<b>Taxi/Ride Share</b>	<b>Fuel Savings</b>	<b>Taxi/Ride Share</b>	<b>Fuel Savings</b>
Grab - Philippines	18%	Grab - Ghana	16%
Taxi - Germany	12%	Taxi - Romania	14%
Taxi - Greece	13%	Middle East	17%
Taxi - London	16%	Taxi - Philippines	18%
Taxi - Lithuania	15%		
Taxi - Croatia	17%		

**Average exhaust emissions  
reduction 50%**

# HOW IS IT DIFFERENT THAN OTHER PRODUCTS?

There are many brands of engine and fuel treatment products available on the market. Most are specifically designed to treat one problem only. The EFT pill, with its high-tech formulation, performs many tasks on its own. Consequently, you save money by buying one product that does the job of 4 or more.

- Octane Cetane booster
- \$6 to € 18
- Fuel system cleaner
- \$10
- Injector cleaner
- \$6
- E5,E10 Biofuel enhancer
- \$5
- Smoke inhibitor
- \$8

**5 PRODUCTS IN 1!**

Change to lower grade gas/petrol with no loss of performance, save extra - up to \$5 to \$8 per tank!

# WHAT HAVE EXPERTS AND THE MEDIA SAID ABOUT THE PILL?

**“A whiff of fresh air for the environment.”**

-Star TV News India

**“Viagra pill for automobiles!”**

-The New Indian Express Newspaper

**“The potency pill for a car.”**

-Good Morning Singapore

**“The pill works.”**

-Great Britain Motor Cycle News

**“Vitamins for your vehicle.”**

-German News

**“Medicine for your car.”**

-Malaysian Media

# Grab Uber

Note: In Asia, Uber is called Grab  
Example Model for Pill supply contract

**Avg. Fuel Saved 18%**

**EFT to  
Grab/Uber  
Owner**

- EFT distributor supplies to the company owned by Grab owner, pills packed

**Grab/Uber  
Owners to  
Managers**

- Grab owner sells from his company to Grab/Uber drivers through his managers

**Managers  
to Drivers**

- Managers each control up to 1,000 drivers. They receive 10% commission on all sales.

**Drivers  
Become  
Distributors**

- Many drivers become distributors and sell to other users such as taxis, private cars, boats, small buses, bikes and trucks.

# EUROPE TESTIMONIALS

“

**We have used the products in both petrol and diesel fueled vehicles, and there weren't any problems or malfunctions. All of our customers, the majority of whom are professional drivers, are completely satisfied with the fuel savings and emission reduction. Many customers have seen fast results, especially those who used the purge process. We have tried many products previously, but none of them had the same performance in comparison with EFT.**

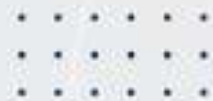

**-Opel Stroubakos Germany**

”

# EUROPE TESTIMONIALS

“

**We have a high customer demand for your product, and the feedback which we are getting from customers is extremely positive. By the use of the Pill we can confirm a significant fuel saving as well as a reduction of harmful emissions. Furthermore, we are inspired of our Purge Machine and Purge process, because we can show our customers directly a solution of successfully removing deposits and dirt from the fuel system of the vehicle.**

**-Volvo PKW Vertragshändler**

”

# EUROPE TESTIMONIALS

“

**The quality of our products and the satisfaction of our customer is significant to us. For this reason, we have the Pill in our choice of goods and disclose to our customer a way to save money and reduce emissions.**

**-Bosch Service**

# OVERVIEW

The following slides are a summary selection of Internationally recognized Testing Authorities, Major users, Government and Independent authorities all confirming the efficacy of the Go GreenX product range.

GoGreenX has thousands of pages of exceptional results from small motor bikes and cars to transport users, power stations and industrial users.

- Reduced Emissions
- Reduced Fuel Consumption
- Reduced Maintenance Costs
- Climate Change Technology

*All reports are on file with legal offices and are available for inspection upon request.*

# INDEPENDENT TESTS & COMPANY EFFICIENCIES

## MALAYSIA

Tested by the Automobile Association. Emissions reduced by 45%, fuel savings 9.78%

## GERMANY DEKRA

Safe to use, improves fuel efficiency, reduces emissions

## GRAB/UBER PHILIPPINES

Average fuel saving 18%

## PHILIPPINES ARMY

45% reduction in emissions  
17% fuel saving

## SINGAPORE

Saves fuel, 80% reduced emissions, conformity, safe to use

## UGANDA BUREAU OF STANDARDS

Petrol fuel saving 16.8%  
Diesel fuel saving 19%  
Safe to use

## BRITISH UNIVERSITY

United Kingdom, combustion efficiency increased by 20-25%

## CHINA DHL

15.53% fuel saving, smoke emissions significantly reduced

## MIDDLE EAST GOVERNMENT

Buses and cars  
Emissions reduced 52% - 72%  
Fuel savings 15% - 18%

## NATIONAL AIRLINE

"We have found the benefit in reducing emissions in our ground fleet."

*Original stamps and signatures. Excerpts from full reports.*

# INTERNATIONAL CERTIFICATIONS INCLUDE: SAFE TO USE IN ENGINES FUEL EFFICIENCY AND EMISSION REDUCTIONS

## GREECE ATHENS POLICE AND TAXIS

14% fuel saving  
72% emissions reduction

## VOLVO/SHELL

Fuel savings, reduced emissions

## NEW ZEALAND TECHNOLOGY/INSTITUTE

50% emissions reductions

## RUSSIA STATE UNIVERSITY FOR OIL AND GAS

"We were very surprised with the results. This is the first time we have achieved such impressive results. Needless to say, we have tested hundreds of additives before. The Institute is now recommending this product to the industry." -Vladimir Vinokurov

## SINGAPORE AA

"Speaking for the associations point of view, if enough people use the product, hopefully we get a cleaner environment." -Mr Gerard Ee (President, AA)

## INDONESIA BPPT

Carbon Monoxide reduction 95.5%  
Hydrocarbons reduction 89.3%  
NOx 98.2%

## THAILAND UNIVERSITY

18% fuel saving

## PHILIPPINES LTO (LAND TRANSPORT OFFICE)

10.5% fuel saving  
90% emissions reductions

*Original stamps and signatures. Excerpts from full reports.*
